ASLAN®

Manufacturer of self-adhesive specialty films “Made in Germany”

ASLAN – experience the exceptional

As an owner-managed company based in Overath near Cologne, we have been successfully developing, manufacturing and marketing self-adhesive films for a broad range of applications since 1950. ASLAN focuses on developing customised solutions rather than producing high-volume products for mass markets.

Our comprehensive product range offers self-adhesive films for diverse markets and applications such as graphic applications (sign making and digital printing), painting and spraying, sandblasting, architecture and interior design, office and organisation, lamp shade production, book protection and repair, arts and crafts, industrial applications and contract coating.

The applications for ASLAN self-adhesive films are as varied as the needs of the markets they serve.

ASLAN focuses on developing customised solutions rather than producing high-volume products for mass markets. Individual customer needs and market requirements continuously generate new ideas which ASLAN turns into high-quality self-adhesive films.

Stringent quality standards and “Expertise in self-adhesive films” form a solid basis for the future growth of ASLAN.
