

GLOSS, HIGH GLOSS, GalleryLAM ASLAN SL 98

THE ULTRA-GLOSSY PROTECTIVE LAMINATE BY ASLAN

ADVANTAGES

- 125 µm thick PET film for a glass-like finish, robust and highly resilient
- Hardcoat varnish: ultra-glossy, highly scratch-resistant and easy-to-clean
- Resistant to high temperatures, grease splashes and hot liquids
- Classified to flame retardant standard EN 13501-1 (C-s1, d0)
- Resistant to common household chemicals, cleaning agents, solvents
- Compatible for prints with UV curable inks without unwanted silvering
- Solvent-free high-tack adhesive
- For depth and sharpness of prints
- PVC-, VOC- and solvent-free product

Flexible, lightweight, unbreakable – and still like glass. **GalleryLAM ASLAN SL 98** combines perfect finish and functionality: Due to an ultra-gloss special coating, the 125 µm thick polyester film refines prints and photographs into artworks with strong contrasts, like a gallery print behind glass. Thanks to its special hardcoat lacquering, the functional film is highly scratch-resistant, has easy-to-clean properties and is resistant to high temperatures, hot liquids and many common household chemicals. For high-quality glass-like effects on kitchen and niche backsplashes, applications in galleries and museums, in retail and interior decoration or at the POS.

APPLICATION

For high-quality glass-like effects on flat and slightly curved surfaces, fine art applications, photos and digital prints

- ➔ in galleries, museums
- ➔ in retail and interior decoration, POS & POP
- ➔ on furniture (sideboards, cabinet fronts, kitchen furniture) and sales counters
