

ASLAN FLOORPROTECT: Protective laminates for every challenge

FROM INDOOR SPACES TO EXTREME CONDITIONS – SAFETY AND QUALITY FOR ALL FLOOR GRAPHICS

ASLAN offers a comprehensive range of high-quality floor graphics films and protective laminates that combine creative floor advertising with maximum safety. From slip-resistant laminates for dry indoor areas to robust solutions for demanding outdoor applications, ASLAN products enable striking visual communication on almost all floor surfaces.

To protect digital prints from mechanical wear and contamination, laminates with anti-slip ratings are required, which are scratch- and foot-traffic resistant as well as insurance-certified. For dry indoor areas and lightly soiled floors, **FloorProtect R9 ASLAN MP 326** is the ideal choice.

FloorProtect R11 ASLAN MP 330 provides enhanced protection in challenging environments such as outdoor areas, public spaces, wet zones or food production. With the highest anti-slip rating at ASLAN, **Premium FloorProtect R12 ASLAN MP 300** ensures maximum safety, even on oil-contaminated surfaces and wet barefoot areas.

With these three protective laminates and a wide selection of digital printing films, ASLAN offers tailor-made solutions for every flooring application, whether for smooth or rough floors, indoor or outdoor areas. They provide safety, quality and creative freedom – for convincing floor graphics in any environment.

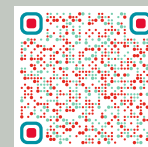

Slip-resistant protective films

	ADVANTAGES	APPLICATION
FloorProtect R9 ASLAN MP 326	 Versatile for use in dry indoor areas	General dry work areas and lightly soiled floors, indoor entryways, toilets, break rooms, offices, sales areas, schools, floor graphics on smooth floors and carpeted floors
